## By Style

- 132 / **Ladder Rails**
- 134 / **Electric Ladder Rails**
- 135 / **Infrared Heating Panels**
- 136 / **Radiator Valves & Accessories**

## The Essentials

These key features are highlighted on each product page, where applicable:

- **Luxury heated Ladder rails**  
Choose from a selection of curved or straight options.
- **Stylish finishes**  
Chrome, White and Anthracite
- **CE Approval**  
All our radiators have been designed to provide a comfortable level of warmth needed for everyday indoor use, as well as being manufactured to conform to BS EN 442-1:2014, and all current European standards. Our heating products have all been independently tested and we are delighted to present our collection of fully certified CE products that conform to all applicable standardized regulations.

## Infrared Heating Panels

### Natural Energy

Premier offers the latest in modern space heating, ideal for both domestic and commercial environments. There is ever increasing market awareness of the benefits and superior levels of comfort that infrared heating offers.

Provides reduced CO<sub>2</sub> emissions due to greater efficiency, our state of the art carbon crystal element offer silent – running and total controllability, with typically 30% saving compared to convection heat.

### How it works

Infrared heaters are the ideal way to heat a room by emitting the heat energy into the walls floor and objects, which then radiate the heat out to give an even comfortable room.

### Features

- No moving parts, no maintenance
- Silent running
- Stylish contemporary design in lightweight satin aluminium panels
- Easy installation vertically or horizontally

Suitable for domestic and commercial applications
